

Race letter for the Atwell Martin Lettings Westonbirt Sprint Triathlon Monday 29th May 2017

It's race time with DB Max! This letter includes all the details for race day at the beautiful Gloucestershire venue. Please ensure you bring page 9 with you signed and completed on race day. You cannot compete without it and your photo ID!

Race Venue

Race HQ will be at Westonbirt School which is located off the A433 - postcode for satnavs is GL8 8QG.

Please follow the signs for the car parking in the school grounds (will be sign-posted). The venue will be open at 06:00 and you will not be able to enter prior to this. Access will be through the main gate until 07:30, after which time it will be closed for racing. Please then follow the car parking signs through Westonbirt Village. Please drive with care and consideration and **DO NOT SPEED** through the village as we need to maintain our good relationship with the local residents.

Parking

On arrival, ample free parking is available in the school grounds. Please follow instructions from the parking attendants and then follow the signs to Race HQ. Please take care as you cross from the car park to the race village and only cross in the designated area.

Please note there is a short walk from the car park to registration and transition.

Registration

Registration will be in the DB Max gazebo in front of Westonbirt House from **06:10-12:30**. Please follow the signs from the car park.

Please ensure that you bring the event waiver at the bottom of this document with you to registration and it is filled out in full. You will also need to bring a proof of I.D along with the waiver.

Race packs will be collected from the registration desk. You **must know your race number** when arriving at the desk.

Race packs will contain: **race number, race tattoos, timing chip** on a **strap, bike sticker sheet** and the envelope will be printed as your start sheet so **you must take the envelope to your race briefing** on poolside.

Please attach your race number to your front while racing so that it can be clearly seen - race belts may also be used. You must fix your bike number to your seat post and attach the helmet sticker, **before arriving at transition for bike racking.**

Your **tattoos** must be displayed on your left arm and your right leg.

Timing Chips

Please attach **your timing chip** firmly to your left ankle with the strap provided **as soon as you open your envelope**. Any mats crossed prior to race start will be ignored but you cannot lose the chip if it is on your ankle.

The timing chips will ensure that your finish results (as well as splits and lap times) are collected by **DB Max Sports Timing**.

Atwell Martin Lettings Westonbirt Sprint Triathlon Race Letter

Remember, **no timing chip, no results.**

Timing chips will be collected in the finish funnel immediately at the end of your race. **You must return your timing chip as soon as you finish** (even if you do not complete your race). Lost and unreturned timing chips will be invoiced at **£75 each** so please remember to hand it back.

Mandatory Pre-Race Briefing

There will be a mandatory pre-race briefing for all competitors 10 minutes before each swim wave. If you do not attend your briefing you may not be allowed to race. Please be aware that it is a 5-10 minute walk to the swim start so please give yourself plenty of time to get there.

Start Times

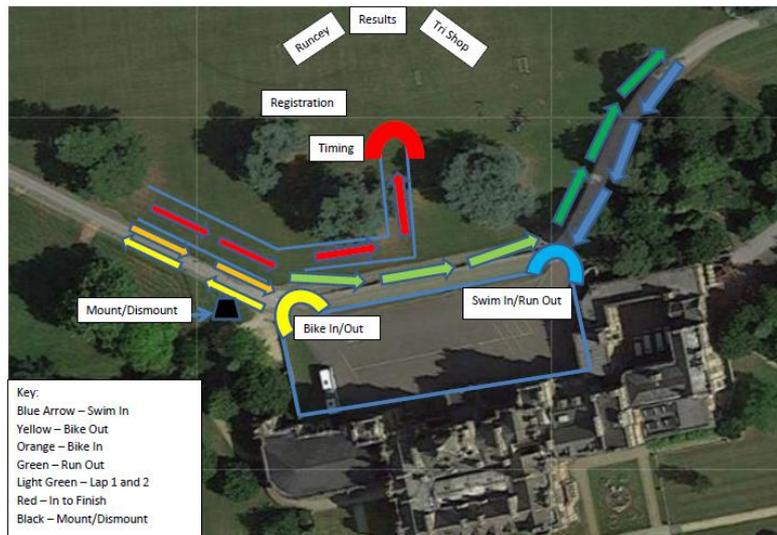

Wave starts are from 07:20. Slower swimmers go off first. Please see the start list [here](#) for your allocated start time. You cannot change wave or transfer a place under any circumstances as the deadline has now passed.

Transition Area

Please ensure that when you arrive at transition to rack your bike, **your bike and helmet are clearly labelled and your helmet is on your head and firmly fastened.** Transition opens at 06:10 and closes at 12:40

Your bike must be racked in the space corresponding to your official race number. When racking your bike, please show consideration for other competitors, especially if there is racing in progress. There is no cycling allowed in the transition area at any time. Please be set up in transition **at least 30 minutes** prior to your race start. After racing, you will only be able to collect your bike from transition if you have your bib number. Please familiarise yourself with transition before racing. A map of the transition layout is below.

As there is a long run from the swim exit to transition (550m) a mini transition will be set up outside the swimming pool where you can leave trainers or similar.

Swim

The swim takes place in the 25 metre indoor pool at Westonbirt Leisure Centre. Please be aware it is a 5-10 minute walk from transition to the race start (it will be signed). Please bring your race envelope with you to poolside as this shows your start time, lane and position as well as the colour swim hat you will be wearing (swim hats are issued on poolside). Swimmers start at 10 second intervals and you will swim 16 lengths. It is your responsibility to count your own lengths, although there are lane counters who will assist you.

Bike Route

Competitors will start from Westonbirt House and head up the main drive. Please take care whilst running to the mount line and get on your bike as directed by the marshals. Please also be aware of the cattle grids up the

drive and ride carefully over them without stopping. Once out on the route please be advised that you are riding on live roads and will need to follow the laws of the road at all times. There is also a compulsory foot down and stop junction on the route just before 12 miles on the turn on to A433. Foot-down and stop means you must come to a complete stop before turning and **you will be disqualified if you do not comply with this rule.** It is your responsibility to get yourself onto the A433 safely. The junction will be signposted and marshalled. A map of the location is below.

A map of the bike route is below; to view it in detail, please click on the map with your computer connected to the internet.

Bike Route Rules

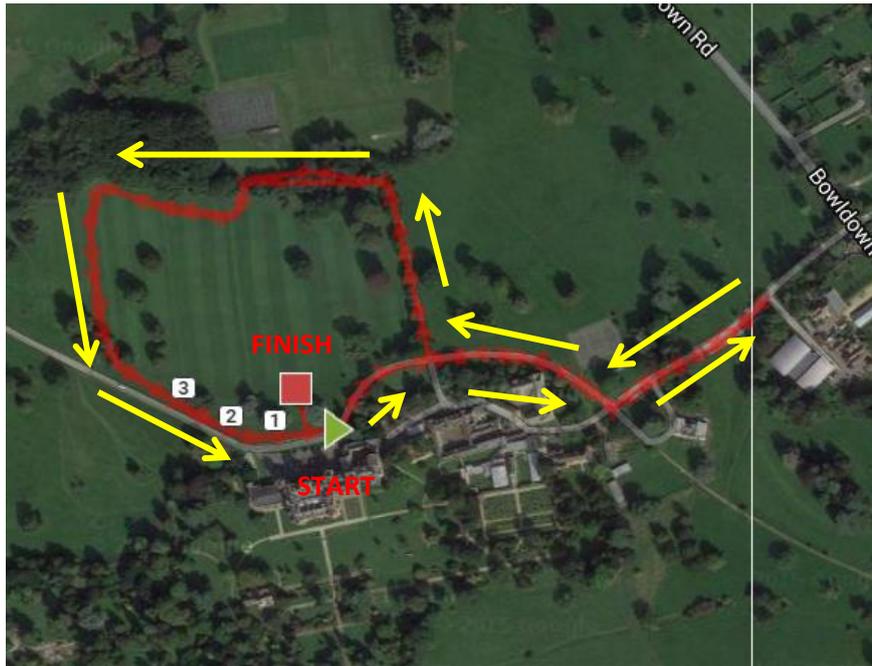

There are certain rules you must follow when on the bike route.

- You must not draft during the event (see diagram and rules on drafting in the referee’s rules below).

- Helmets **MUST** be worn at all times whilst you are in contact with your bike, including in transition.
- Your transition area must be kept tidy at all times and you must rack in the area allocated to you.
- At no time are you allowed to drop litter.

Run Route

The run route is 3 laps of the grounds at Westonbirt House. It is your responsibility to count your own run laps. On your third and final lap you finish by running up the funnel to the finish gantry at the end of the lap. A map of the run route is below; to view it in detail, please click on the map with your computer connected to the internet.

Atwell Martin Lettings Westonbirt Sprint Triathlon Race Letter

Newbie Corner

DB Max always love to welcome first timers to our events. We were all beginners once and here's a few helpful hints and tips for your big day.

- Arrive at the event early so that you have plenty of time to prepare, register, warm up and so on. Make sure there's no need for stressful rushing and make use of our 'How can I help you staff'.
- Get to know the location of your bike in transition and also the exits so that you're not going to struggle to find your bike during the race. You cannot mark you spot with a flag or anything, but try making it visually distinctive to you, maybe with something like a ribbon on your handlebars or use a special towel in your spot. Notice any landmarks that might help.
- Set your kit out as you need it in transition. Also remember that clothing and socks don't go well onto wet bodies. You can try rolling your socks down to the toes so you can put them on more easily. Do the same with sleeves or other clothing you might put on.
- Wear a race belt to attach your race number to. It's quick to put on and good for both the bike and the run - plus, no safety pins.
- When you rack your bike in transition, make sure it's in a low gear so it's easy to pedal off at the start of the bike leg.
- When nearing transition at the end of the bike leg, downshift your gears and start spinning a bit, to loosen up your legs ready for the run. Remember, your legs may still be wobbly when you first start running.

Most of all, enjoy your race.... and smile!

A word from our referee, Mike Newman...

Do you know the rules?

I have listed some general rules to help you when competing in a DB Max triathlon. Please remember them as you may be penalised, or even disqualified if you don't observe the rules.

This document aims to acquaint you with the most widely broken rules, so you never have to see or hear from a referee and to hopefully make your race a safe and enjoyable one.

If you have any questions please do not hesitate to speak to our referee at the race.

General Rules and Race Conduct...

- It is your responsibility as a competitor to know **all** the rules. As in most walks of life, ignorance is no defence.
- It is your responsibility as a competitor to know and correctly complete the full course of the event.
- Foul and abusive language is not permitted and any failure to obey a marshal, the police or a referee will lead to disqualification.
- Marshals are often volunteers, who help the event team with the running of the DB Max events. Please respect them and where possible, thank them for their efforts.
- No outside assistance is allowed at any time during your race.
- Please do not use iPods, mobile phones or any other device that may impair your hearing or concentration anywhere on the course (including transition), as this will lead to disqualification.
- When racing, you need to be aware of other competitors and the general public, both on foot and in vehicles.
- You **must** wear a safety helmet on the bike leg that is of ANSI Z90.4, SNELL B90, EN 1078 or equivalent. A CE mark is **not** an approved standard. The strap to your helmet must also be snug in its fitting and not altered in any way (definitely not elastic). Helmets will be checked when racking your bike.
- Any fittings on your bike (computers, mountain bike handlebar extensions, etc.) must be positioned so as to prevent injury in the event of a crash. All handlebars and tribars must be plugged. **This will be checked when racking your bike and you will not be allowed to race if your bike does not meet the required standards.**
- Nudity is not allowed. Competitors must keep their chest covered at all times on the cycle and the run, no matter how hot it is.
- Bikes **must** be racked on the racking provided using either the seat post, handlebars or brake levers. Bikes must not be racked anywhere else and anybody not racking in this way will be disqualified.
- Remember to place your equipment down, as thrown equipment may interfere with other athletes and lead to a penalty.
- You are not permitted to bring boxes or large bags in to transition, only a small rucksack (or similar) are permitted. If you do bring anything like this with you it will be removed.
- Competitors are not allowed to mark their position in transition with any special device, or flag etc., and must be careful not to interfere with any equipment of other athletes, either deliberately or accidentally.
- At DB Max races competitors must not remove their bike from the rack until their helmet is fastened. They must not unfasten their helmet until their bike is back in the rack.
- Race numbers must be worn and must be clearly visible at all times. They must not be altered or mutilated in any way as this will incur a penalty.
- Relays – Helmets must not be worn in relay exchange zones, instead they must remain on the bike before and after relay tagging.
- You must not mount your bike until advised to do so at the bike mount/dismount line outside of transition. There must be no cycling in transition.
- Personal video recording devices are not permitted.

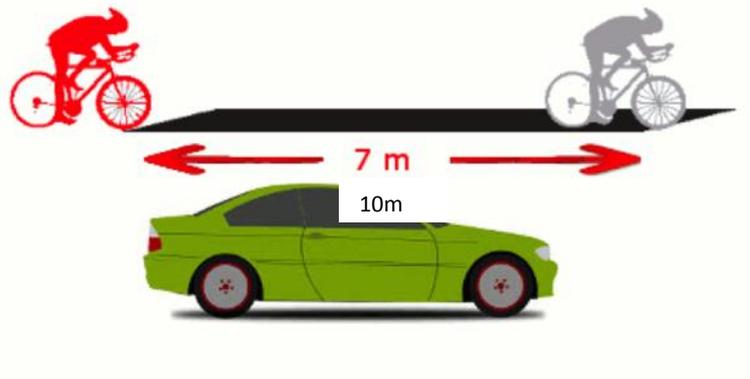

Atwell Martin Lettings Westonbirt Sprint Triathlon Race Letter

- Littering is not permitted at any time. If litter is dropped accidentally you must pick it up.

Drafting....

- Triathlon is an individual sport, so in an age group triathlon, drafting (riding close to another cyclist) is forbidden. However, drafting is allowed in the run so if you must draft please do it then.
- The draft zone is an area extending from the front wheel of the leading bike to a point 10m behind it and 1.5m either side of the cyclists centre point. If you wish to overtake the cyclist in front, you have 20 seconds, which in basic terms means you have to be travelling 1mph faster than them to pass in the allotted time. If your front wheel is not passed their wheel in the allotted time you must drop back to 10m from their front wheel.
- If another rider overtakes you, it is your responsibility to drop back out of their draft zone.
- If a referee thinks you are drafting there is no appeal against the decision, so the rule of thumb is – be squeaky clean. Drafting is cheating. If caught drafting once you will be penalised with a 2-minute penalty. If you get caught a second time you will be disqualified.

As long as you read this and follow the advice given, you should always be on the right side of the rules at all DB Max races.

Remember, our referee will always be willing to answer any questions you may have.

Enjoy your race....!
